Dear Parents/Guardians:

As we bring our 19-20 school year to a close we will now shift focus onto our Boost program offered this summer. I understand remote learning was difficult and came with many challenges as we navigated through the Covid 19 pandemic. As we plan for our Boost, I wanted to inform you that remote teaching and learning will be **drastically different** from your current remote experience.

The Boost program will be teacher facilitated and reinforced and supported by our paraprofessional staff. The teachers will create classrooms and designated sign on times via Google Meet to offer direct instruction. The focus will be math and language arts instruction and all instruction will be done by our certified staff. The plan is to **relieve** the parents of the “teaching responsibilities” to the greatest extent possible and create a fun and enjoyable learning experience for everyone.

Prior to beginning our Boost remote learning you will receive a packet of all materials needed for your child to access the curriculum. They will also need their Chromebook to access all online material. You will be contacted by our Boost teachers with all sign in codes/meet access codes prior to the start.

Dates: July 1st-July 28th (July 3rd off) **Days:** Monday - Thursday. **Times:** 9:00-12:00 (students ARE NOT required to be on a computer for 3 hours a day!!) There will be subject/teaching time slots and breaks incorporated into the daily schedule.

Thank you for all of your efforts during this past several weeks. We are all in this together and if we can assist you in anyway, please let me know! If you haven't done so already, please return your paperwork ASAP!

MaryLouise Rowlin
