Chapter 5 Annotated Timeline Tile Project  
Civics  
Mr. Piancone

**Annotate** means to “list and explain” – you will do this by including the parties listed below, and explain how they can affect or effected politics. “Explaining” can be done with captions, charts diagrams, maps, drawings, etc.

**Resources:**

Use the web link that is posted on my webpage. Once at the web site scroll down the left hand side and click on the Political Party or Parties you have been assigned.

**The task:**

This project will require you to wear several hats to accomplish the task: Graphic Artist, Writer, Layout, and Researcher. You will place the information needed to complete this project on a 9” X 12” piece of card stock given to you by me your **magnanimous** teacher. The paper must be completed **landscape** style in order to receive credit.

**Items to include:**

- Year established
- Leader(s)
- Platform (philosophy)
- Symbol and Color (if can be found)
- Third Party or Not
- Year Ended or Current

You will present your information to the class and you will take notes on the information presented to you by other groups. You will need this information because you will have to create your own timeline in your notes from the information presented to you in class.

When you are finished with your presentation your timeline tile will be placed chronologically on one of the walls in the classroom.

**Political Parties:**
