Dear Parents/Guardians of Grade 10 Warren Hills Regional High School Students,

The Warren Hills Regional High School is pleased to announce the upcoming pilot of a grade 10 **take-home** 1:1 program for the remainder of the 2018-2019 school year. At the start of the 2018-2019 school year, students in grades 7-9 launched the district's first 1:1 program. This pilot will allow us to expand the program to another grade level while gathering data on the feasibility of allowing the 1:1 devices to be taken home. While Warren Hills Regional School District students have been using technology in many of their classes the past few years, this 1:1 program will expand that use to all of their classes throughout the school day. Each student will be assigned a WHRSD-supplied Chromebook which the student will bring along with other classroom materials to each class. The Chromebook will then be taken home for use with homework and charged for the next school day.

This take-home pilot will provide equitable access to technology and further encourage student responsibility. Planning has been underway and we are targeting Tuesday, March 12, 2019 for the start of this pilot. The parent-student contract is available through Genesis Parent Portal for your review and consent. We are now requiring that both parent and student log into Genesis and complete the agreement in order to receive a school issued device. Paper copies of these forms will be available in the main office for those that need it. Students will not be issued a WHRSD-supplied Chromebook if the required agreements are not completed by both parent and student. Additional information about our 1:1 program can be found on the Warren Hills 1:1 Program website (<https://www.warrenhills.org/1-1>). We are very excited and look forward to the additional learning opportunities that this program will provide for our students.

Sincerely,

Principal
Warren Hills Regional High School

Challenge, Empower, Support...To prepare students for life beyond Warren Hills.
