May 24, 2018

Dear Parents/Guardians of Warren Hills Regional School District Students:

The Warren Hills Regional School District is pleased to announce the upcoming implementation of an in-school 1:1 Chromebook program for 2018-2019 Warren Hills Regional School District students in grades 7-9. While Warren Hills Regional School District students have been using technology in many of their classes the past few years, this 1:1 program will expand that use to all of their classes throughout the school day. Each student will be assigned a WHRSD-supplied Chromebook which the student will bring along with other classroom materials to each class. The Chromebook will then be returned to a cart at the end of the school day for storage/charging.

We are very excited and look forward to the additional learning opportunities that this program will provide for our students. Planning has been underway for months and we are targeting the beginning of the 2018-2019 school year for the launch of this program. We will keep you informed as we move through the implementation process.

Sincerely,

A handwritten signature in black ink, appearing to be "Earl C. Clymer, III".

Earl C. Clymer, III
Superintendent of Schools

ms

The Warren Hills Regional School District challenges and empowers a dynamic, diverse student body in a supportive learning environment by providing academic and co-curricular opportunities to become successful, productive members of the global community.
