Supt’s Report

Dr. Altonjy reported on the following:
1. We had an extremely smooth opening of school and this was noted by many staff as the best in recent memory! Thank you to our faculty, staff, and administrators for all their efforts in assuring this smooth opening.

2. Over the past year, Mr. Detrick has taken a leadership role with the Computer Science Teachers Association (CSTA). Last fall, he was asked to be the New Jersey representative to the CSTA National Leadership Cohort and he helped found and was elected president of the CSTA chapter for Central New Jersey (CSTACNJ) with the goal of enhancing computer science education for Kindergarten through college students. The organization currently has 75 members including representatives from six New Jersey colleges. Daryl also chairs an advocacy subgroup with a goal is to promote computer science as an academic discipline towards high school graduation. Our Computer Science program at Warren Hills Regional has seen tremendous growth over the last five years. In the 2009-2010 school year, 53 students in three sections were enrolled in computer science. For the current school year, there are 175 students enrolled in ten sections, requiring another of our mathematics teachers, Mr. Hajdu, to teach computer science. The female population has seen great growth from 7 in 2009-2010 to 50 in 2013-2014, along with our minority populations that has grown from 4 to 30 in the same five year period. Thanks to Mr. Detrick for all his efforts in bringing this increasing opportunity to our students.

3. Mrs. Moore has provided some necessary in-services recently. New certificated staff have been trained on the Marzano Model of Teacher Evaluation, new supervisor orientation occurred, mentor teachers who work with new staff have been trained, and a first-ever substitute training program was presented to highlight policies, protocols, HIB, and security measures. In addition, the Five Year Curriculum Plan has been updated and is available on the district website.

4. The 9th grade orientation program, held on 27 August, had a student attendance rate of 73%. Thank you to the teachers who gave of their time to create a successful program for our newest members of the high school. This year’s program was revised in an attempt to include more specific activities and also our parents. We first adjusted the time of the program in the hopes of increasing student and parental attendance and created four stations that encouraged the students to create long and short-term goals, participate in icebreaker activities, find their homeroom, and master opening their locker. To conclude the program, we invited parents/guardians to join us for dinner. The dinner was an opportunity to meet some of the parents and discuss expectations and supports within the academy program. In total, we had more than 400 student and parents attend the program!
5. Thank you to our middle school Peer Leaders for their assistance in our opening of school activities! Many of them attended our Bagels and Locks orientation, were smiling faces in our hallways to assist students in locating classrooms on the first day, and put together and presented a Power Point Presentation on HIB to their classmates during the class meetings. The orientation program was very well attended with many seventh grade parents visiting the school.

6. On Wednesday, 28 August, our staff opening convocation was held. Board of Education Vice-President, Donna Sbriscia, welcomed the entire Warren Hills Regional staff to the 2013-2014 school year. Our new staff members were introduced and service pins were awarded to 14 staff members for fifteen or more years of service. The list of honored staff members is given below:

7. Mrs. Moore and the supervisors received several positive comments from both beginning and veteran teachers on their inclusion of the procedural management strategies from the 29 August in-service by Harry and Rosemary Wong and Chelonnda Seroyer. Also, numerous thank you correspondences for sponsoring this event were expressed by the many guests. As follow-up to the presentation, the What To Do After the Wongs Have Gone implementation guide has been posted on the district's website, along with conversations at administrative, faculty, and department meetings.

8. Our first annual Fall Kickoff Festival was held this past Friday, 13 September, prior to our home football opener. Many Board of Education members were in attendance and it was a wonderful community celebration that involved many of our faculty, staff, administration, and
students. It was a real family celebration and school spirit was abundant! The various booths and offerings truly showed our diversity and opportunities and a great connection to the community was seen throughout the event! I want to thank everyone involved and in particular, Mr. Clymer, for all the intense planning and execution in a short period of time. In addition, the decorating of downtown Washington and Jackson Valley Road was a wonderful reminder of our school’s pride to the community. This was the beginning of what we hope to be a long standing tradition and not possible without the outstanding cooperation and collaboration of school and community groups. Thank you again to everyone who had a hand in the festival!

9. Just a reminder that our annual Back to School Nights are this Thursday evening (high school) and next Thursday evening (middle school). Both programs begin at 7:00PM. Both 19 & 26 September are early dismissal days, allowing our teachers prep time and professional development opportunities.
