

**Welcome to
Mr. Chiara's
4D ALC English I&II
Classroom**

Course of Study

- **Online:** This course has a heavy online/virtual classroom component with the general education teacher providing additional support, lessons, and extensions.
- **Rigor:** All Edgenuity courses are designed to be equivalent to a college preparatory course, but with modifications in place.
- **Students:** It's important your student approaches the course with a positive attitude, especially as most of the course is driven by student motivation.

Genesis

- Edgenuity is the only grade posted on Genesis.
- That Edgenuity grade will be updated weekly as each student progresses.
- Their Edgenuity grade is a combination of both what they have scored on assignments, as well as if they are keeping on track with where they should be with course progress.

Students will learn to read and write effectively for a variety of purposes and audiences.
