SECTION 2: NEEDS ASSESSMENT

B. Current Needs of District Mentoring Program

The Warren Hills Regional School District continues to analyze the district mentoring program for novice teachers and plans modifications and adjustments based on the data collected from the June Teacher Evaluation Survey and the monthly new staff meetings. Additionally, the district ensures the plan is in alignment with the New Jersey Professional Development Standards. The focus for plan improvement includes the following areas:

- Continued mentor training on the teacher evaluation system, feedback, curriculum, instruction, and assessment;
- Opportunities to increase frequency of interaction between the mentors and novice teachers; and
- Improved communication with district staff, board of education, and community members on the induction program and its impact.

SECTION 3: VISION AND GOALS

A. Mentoring Plan Vision

Warren Hills Regional School District assists novice teachers’ successful transition into the teaching profession by providing sustained support through developing the proficiencies as outlined in the New Jersey Professional Standards for Teachers in order to improve student learning and student achievement. Novice teachers are paired with highly qualified teachers who are charged with creating a nurturing, non-evaluative partnership that aims to improve the novice teacher’s instructional skills based on the new teacher evaluation system. To this end, the mentoring plan vision is to build a foundation for continued growth by promoting collegial and collaborative dialogue with mentors, administrators, teachers, and the school community.

SECTION 3: VISION AND GOALS

B. Mentoring Plan Goals
The Warren Hills Regional School District’s mentoring goals are aligned with the Professional Standards for Teachers in N.J.A.C. 6A:9-3 and the Standards for Professional Learning in N.J.A.C. 6A:9-15.3. The district utilizes the New Jersey Department of Education’s professional development definition in N.J.A.C. 6A:9-15.2 to guide its goals:

**6A:9-15.2 Definition of professional development**

(a) Professional development shall be comprised of professional learning opportunities aligned with student learning and educator development needs, and school, school district, and/or State improvement goals.

(b) Professional development shall have as its primary focus the improvement of teachers’ and school leaders’ effectiveness in assisting all students to meet the CCCS.

(c) Professional development shall include the work of established collaborative teams of teachers, school leaders, and other administrative, instructional, and educational services staff members who commit to working together to accomplish common goals and who are engaged in a continuous cycle of professional improvement focused on:

1. Evaluating student learning needs through ongoing reviews of data on student performance; and
2. Defining a clear set of educator learning goals based on the rigorous analysis of these data.

(d) Professional learning shall incorporate coherent, sustained, and evidenced-based strategies that improve educator effectiveness and student achievement, including job-embedded coaching or other forms of assistance to support educators’ transfer of new knowledge and skills to their work.

(e) Professional development may be supported by external expert assistance or additional activities that:

1. Address defined student and educator learning goals;
2. Advance primarily ongoing school-based professional development; and
3. Include, but are not limited to, courses, workshops, institutes, networks, and conferences provided by for-profit and nonprofit entities outside the school such as universities, educational service agencies, technical assistance providers, networks of content specialists, and other education organizations and associations.
(f) Professional development shall align with the professional standards for teachers and school leaders in N.J.A.C. 6A:9-3 and the Standards for Professional Learning in N.J.A.C. 6A:9-15.3.

As stated on the New Jersey Department of Education’s April 2014 document, a comprehensive mentoring program will:

- Assist first-year teachers in the performance of their duties and adjustment to the challenge of their teaching assignment;
- Reduce novice teacher attrition;
- Improve the effectiveness of new teachers; and
- Enhance teacher knowledge of, and strategies related to, the New Jersey Core Curriculum Content Standards (CCCS) to facilitate student achievement and growth.

The Warren Hills Regional School District is committed to achieving all four of these goals in its mentoring program. Moreover, the district will utilize the Standards for Professional Learning in order to maximize each novice teacher’s potential and to achieve the stated goals:

**6A:9-15.3 Standards for professional learning**

(a) Professional learning that increases educator effectiveness and improves results for all students shall be guided by the following standards:

1. Learning communities: Occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment;
2. Leadership: Requires skillful leaders who develop capacity, advocate, and create support systems for professional learning;
3. Resources: Requires prioritizing, monitoring, and coordinating resources for educator learning;
4. Data: Uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning;
5. Learning designs: Integrates theories, research, and models of human learning to achieve its intended outcomes;
6. Implementation: Applies research on change and sustains support for
implementation of professional learning for long-term change; and

(b) The standards in (a) 1 through 7 above shall serve as indicators to guide the policies, activities, facilitation, implementation, management, and evaluation of professional development.

On May 5, 2014, new regulations were adopted by the New Jersey Department of Education that affect the goals of the mentoring program. To that end, the Local Mentoring Plan will include in its goals the following requirements:

- Comprehensive orientation to district policies and procedures;
- Individualized supports specified in the Professional Development Plan (PDP) based on level of preparation and experience;
- New PDP created within 30 days of new assignment;
- One full school year of 1-1 mentoring from beginning of assignment, pro-rated for part-time teachers;
- Mentor/mentee meet at least once/week for the first four weeks of assignment;
- Mentor leads mentee in guided self-assessment on district’s teacher practice instrument; and
- Mentor aligns support to mentee’s preparation curriculum.

SECTION 4: MENTOR SELECTION
B. Application Process and Criteria for Selection of Mentors

The criteria below, as developed by the New Jersey State Department of Education Mentoring Task Force, will be used in selecting mentors in Warren Hills:

- A certified tenured teacher performing satisfactorily based on observations and evaluations;
- A teacher committed to the goals of the local mentoring plan;
- A teacher who has agreed to maintain the confidential nature of the mentor/mentee relationship;
- A teacher who has demonstrated exemplary command of content area knowledge and of pedagogy;
- A teacher who is experienced and certified in the subject area in which the novice teacher is teaching, when possible;
- A teacher who is knowledgeable of the cultures and workplace norms of the district and the community;
- A teacher who is knowledgeable about the resources and opportunities in the district and able to act as a referral source to the novice teacher; and
- A teacher who agrees to complete a comprehensive mentor-training program.

Additionally, on May 5, 2014, new regulations were adopted by the New Jersey Department of Education affecting the criteria for the selection of mentors and the mentor-training program:

- Wherever possible, certification in the same subject area as novice teacher;
- Mentor demonstrates a record of success in the classroom;
- Beginning in 2014-2015, mentor has earned a summative rating of Effective or Highly Effective on most recent summative evaluation;
- In cases where a summative evaluation is delayed, mentor has earned rated of Effective or Highly Effective on teacher practice instrument;
- Mentor is currently active and has had at least three years teaching experience, with at least two completed within the previous five;
- Understands resources and opportunities available and is able to act as referral
source;

- Understands social and workplace norms of the district and community;
- Mentor agrees to maintain confidentiality;
- Mentor may not serve as mentee’s direct supervisor or conduct evaluations;
- Training of mentors required;
- District makes provision for training; and
- Training program must include, at minimum, training on the district’s teacher evaluation rubric and practice instrument, the NJ Professional Standards for Teachers, the NJ Core Content Curriculum Standards, classroom observation skills, facilitating adult learning, and leading reflective.

Teaching staff, who qualify under the State’s Criteria for Selection of Mentor Teachers as listed above, are invited to complete an application to become a mentor. As a vacant staff position fills, the district administrators, in consultation with building principals, will pair the novice teacher to a trained, qualified, and selected mentor from the cohort.

The application to be considered for a mentor teacher follows.
Part A. Warren Hills Regional Mentor Teacher Application

I am interested in being considered for the position of a mentor teacher in the district’s mentoring for quality induction program. I understand that the role of a mentor is critical to the success of a novice teacher and ultimately a key to student performance.

Note: In the event the building principal and the district administrator do not agree on the final mentor-novice teacher selection, the Superintendent will make the final decision after a review of the mentor-novice teacher proposal.
A mentoring contract brings together the mentor, the novice teacher, and the principal and delineates each person's responsibilities.

**The mentor and the novice teacher hereby agree:**

- To develop a professional and collegial working relationship by discussion of expectations and by arriving at a mutual understanding about how to work together effectively;
- To keep all shared information and discussions confidential;
- To maintain a mentoring log (refer to pages 20-21); and
- To participate in collaborative professional learning activities.

**The mentor hereby agrees:**

- To review the background of the novice teacher to provide the type and amount of support indicated by this background;
- To attend the novice teacher’s classes several times and provide the novice teacher with feedback, coaching, and support;
- To be available for informal support and consultation; and
- To actively participate in the district mentor training.

**The novice teacher hereby agrees:**

- To observe the mentor’s teaching, as well as the teaching of other experienced professionals;
- To consider following the suggestions the mentor makes;
- To seek out the mentor for answers to questions that may arise; and
- To compensate the mentor at the established rate according to the WHREA contract.

**The principal hereby agrees:**

- To observe and evaluate the novice teacher;
- To provide support to both the mentor and the novice teacher;
- Not to solicit evaluative comments from the mentor regarding the novice teacher; and
- To allow the mentor and novice teachers release time for informal observations, when possible and/or as needed.

**All the signers agree:**

- To follow all New Jersey regulations for mentoring aligned with the NJ Professional Standards for Teachers as outlined in the district mentoring for quality induction program; and
- After due effort, the mentor or novice teacher have the right to terminate the relationship if the experience is unsatisfactory.

Novice Provisional Teacher Mentoring Log Template

Effective May 5, 2014, the New Jersey regulations governing district mentoring program requirements have changed. Novice provisional teachers (those teachers serving under a Certificate of Eligibility or a Certificate of Eligibility with Advanced Standing) must still be assigned an individual mentor at the beginning of the contracted teaching assignment. However, two of the regulatory changes impact the way these individual mentors track their time and receive payment for their services.

First, as specified in *N.J.A.C. 6A:9-8(d)*, individual mentor teachers assigned to work with a novice provisional teacher are now required to log their mentoring contact time. The format of the log itself and the procedures for using it are to be developed as part of the district mentoring plan. The mentoring logs are to be sent to the district administrative office and retained there.

Secondly, as specified in *N.J.A.C. 6A:9-8(h)*, the administrative office of each school district will now be responsible for overseeing the payment of mentors. Payment may not be conferred directly from provisional novice teacher to mentor. The mentoring logs can be used to by the district to inform the payment process.

The mentor log template is provided to assist districts in fulfilling these revised regulations... Each district is free to determine the frequency with which they want to receive these mentoring logs.

SECTION 6: PROFESSIONAL LEARNING COMPONENTS
FOR MENTORS

A. List of Professional Learning Opportunities

Before Mentoring Begins
- Mentors receive training in communications, teacher observation model, conferencing, and effective instruction skills;
- Mentors attend an orientation session covering program expectations, participant responsibilities, and program activities;
- Mentors meet with novice teachers to discuss practical considerations for the opening of school, such as room arrangement, classroom rules, school procedures, obtaining supplies, and lesson plans for the first week. In addition, they will establish a tentative schedule of meetings and observations; and
- Mentors and novice teachers sign a confidentiality and "No-fault" agreement.

During the First Month of School:
- Mentor/novice teacher meet at least once per week for the first four weeks of assignment and begin to document their discussions and activities using the provided mentoring log;
- Mentor leads mentee in guided self-assessment on district's teacher practice instrument and reviews the online resource library and other professional development materials;
- Mentor assists the novice teacher's development of the PDP and supports its completion within the first 30 days of school;
- Mentor reviews important policies and regulations, including staff social networking policy and special education compliance requirements; and
- Mentor aligns support to mentee's preparation curriculum.

During the First Few Months of School
- Mentor meets with novice teacher at least once per week for the second month of school to discuss issues of instruction, classroom management, parent communication, and other pertinent information;
- Mentors provide emotional support to novice teachers; and
● Mentors observe novice teachers and provide non-evaluative feedback, documenting their discussions and activities using the provided mentoring log.

**During the Remaining Months of the School Year**

● Mentors and novice teachers continue to meet and complete the mentoring log; and

● Mentors and novice teachers establish a dialogue on effective teaching.

**At the End of the School Year**

● Mentors and novice teachers evaluate the program;
● Mentors submit logs to district curriculum office;
● Payment of mentors overseen by the district administrative office [Note: Novice teaches may NOT pay mentors directly.]; and

● Completion of all required paperwork in conjunction with administration.

SECTION 6: PROFESSIONAL LEARNING COMPONENTS
FOR MENTORS

B. Explanation of How Plan Aligns with
NJ Professional Standards for Teachers

We, as a district, believe effective educators are life-long learners and professional development must be job-embedded and an on-going process of refining skills and of improving our instructional practice. In addition, professional development must engage each educator in a collegial and collaborative dialogue with other educators and education partners to broaden the knowledge and expertise needed to guide students toward the successful attainment and mastery of the New Jersey Core Curriculum Content Standards so they are college and career ready. We further believe that effective implementation of new techniques requires financial support, time and planning. Thus, the district’s mentoring plan aligns with the NJ Professional Standards for Teachers on a number of levels.

<table>
<thead>
<tr>
<th>Area</th>
<th>Standards Addressed</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Informal classroom visitations</td>
<td>Standard 1 (Subject Content Knowledge), Standard 2 (Human Growth and Development), Standard 3 (Diverse Learning), Standard 4 (Instructional Planning and Strategies), Standard 5 (Assessment), Standard 6 (Learning Environment), Standard 7 (Special Needs), Standard 8 (Communication), and Standard 10 (Professional Development)</td>
<td>Addressed when a mentor visits a classroom of a novice teacher, there is an opportunity to observe what is happening in the classroom. By using reflective questioning techniques, the mentor helps the novice teacher begin to set goals. The information gathered from the visitation can then be used to support the novice teacher’s reflection in planning for their continuous professional growth.</td>
</tr>
<tr>
<td>Questioning techniques</td>
<td>Standard 4 (Instructional Planning and Strategies) and Standard 10 (Professional Development)</td>

<tr>
<td><strong>Collegial coaching</strong></td>
<td>Standard 1 (Subject Content Knowledge), Standard 3 (Diverse Learning), Standard 4 (Instructional Planning and Strategies), Standard 5 (Assessment), Standard 6 (Learning Environment), Standard 7 (Special Needs), and Standard 10 (Professional Development)</td>
<td>Addressed through the four phases in the collegial coaching style: planning, observation of the teaching performance; reflection time; and debriefing. Mentors know their responsibilities in planning with the novice teacher what specifically will be observed in the domains and elements of the new teacher evaluation system, writing observation notes to share during the debriefing and helping the novice teacher reflect on instructional actions. Debriefing also includes problem-solving to effect changes in instructional practices as noted on the new teacher evaluation’s learning maps, along with any needed references to the instructional model’s resource library.</td>

SECTION 7: PROFESSIONAL LEARNING COMPONENTS
FOR NOVICE TEACHERS
A. List of Professional Learning Opportunities

Before Mentoring Begins

- Novice teachers attend an orientation session addressing program expectations, participant responsibilities, and program activities.
- Novice teachers meet with mentors to discuss practical considerations for the opening of school, such as room arrangement, classroom rules, school procedures, obtaining supplies, and lesson plans for the first week. In addition, they will establish a tentative schedule of meetings and observations;
- Novice teachers and mentors sign a confidentiality and “No-fault” agreement; and
- Novice teachers review the schedule for the new staff monthly meetings.

During the First Month of School

- Novice teacher meets at least (required) once per week with mentor for the first four weeks of assignment and begins to document discussions and activities using the provided mentoring log;
- Novice teacher completes a self-assessment on district’s teacher practice instrument and reviews the online resource library and other professional development materials in order to prepare for administrative observations;
- Novice teacher develops and completes the PDP (Professional Development Plan) within the first 30 days of their assignment, including PDP approval by the building principal;
- Novice teacher examines the SGO Guidebook with mentor to establish the process for development and completion of writing SGO’s (Student Growth Objectives)
- Novice teacher and mentor review the Achieve NJ documents regarding components of teacher evaluation and the TEACH NJ requirements;
- Novice teachers observe the mentor teacher’s classroom at least monthly.
- Novice teachers receive feedback from mentors; and
- Novice teachers review important policies and regulations, including staff social networking policy and special education compliance requirements.
During the First Few Months of School
- Novice teacher meets with mentor at least (required) once per week for the second month of school to discuss issues of instruction, classroom management, parent communication, and other pertinent information;
- Novice teacher invites mentor into the classroom to provide non-evaluative feedback, continuing to document discussions and experiences on the mentoring log; and
- Novice teacher seeks support from mentor

During the Remaining Months of the School Year
- Novice teachers continue to meet with mentors and document their discussions and activities on the mentoring log;
- Novice teachers continue to observe in mentors’ or other effective/highly effective teachers; and
- Novice teachers continue to dialogue with mentors on effective teaching using the learning map of the new teacher evaluation system;

At the End of the School Year
- Novice teachers and mentors evaluate the program;
- Completion of all required paperwork and fees paid.

SECTION 7: PROFESSIONAL LEARNING COMPONENTS FOR NOVICE TEACHERS
B. Explanation of How Plan Aligns with NJ Professional Standards for Teachers

Professional development for novice teachers must be aligned to the New Jersey Professional Standards for Teachers and be based upon the specific needs of the novice teacher: Throughout the areas listed below, the domains and elements of the district’s approved instructional model will be referenced by the mentors in order to ensure the novice teachers’ understanding of the new teacher evaluation system.

<td>Addressed when a mentor visits a classroom of a novice teacher, there is an opportunity to observe what is happening in the classroom. By using reflective questioning techniques, the mentor helps the novice teacher begin to set goals. The information gathered from the visitation can then be used to support the novice teacher’s reflection in planning for their continuous professional growth.</td>

<td>Classroom management</td>
<td>Standard 6 (Learning Environment)</td>
<td>Addressed through creating an atmosphere for learning in their classrooms, which includes maintaining authority, anticipating and responding to problems that surface, and establishing classroom routines. Gaining an understanding with successful application is critical for the novice teacher. The new model of teacher observation’s domains and elements will be reviewed to assist in this area.</td>

C. Comprehensive Plan for the 20-Day Clinical Experience

Novice teachers who are entering teaching through the CE (alternate route) will be provided with a clinical experience of 20 days duration or its equivalent as required by N.J.A.C. 6A:9-8.3(b)1, N.J.A.C. 6A:9-8.4(c)1(ix), and N.J.A.C. 6A:9-8.4(c)3. The clinical experience will be arranged by the building administrator utilizing, but not limited to, the following suggested strategies:

- The use of multiple mentors throughout the school day;
- The use of substitute teachers to allow veteran teachers to support the novice teachers;
- The extension of the intensive mentoring over a longer period of time;
- The reduction of required contractual days/hours due to the novice teachers’ previous non-public experience and/or the completion of Phase 1A of regional training prior to employment;
- The scheduling of observations by the novice teachers in veteran teachers’ classrooms during preparation periods and/or with substitute coverage;
- The opportunity for novice teachers to co-teach with veteran teachers during preparation periods and/or with substitute coverage;
- Allowing the new teacher orientation, fall professional development opportunities, and district in-service days (for a possible total of fifteen hours) to reduce the ninety hour requirement;
- The arrangement of scheduling observations for novice teachers at locally offered public summer schools; and
- The arrangement of scheduling observations and/or classroom presentations for novice teachers throughout the duration of the district Extended School Year program.
SECTION 8: ACTION PLAN FOR IMPLEMENTATION

1. New staff will be hired;
2. Mentors-to-be complete application as indicated in Section 4B;
3. Administrators match new hires and mentors as indicated in Section 4B;
4. Mentor appointment is made at the beginning of the contracted starting period of the novice teacher;

9. Novice teachers are evaluated by administrators minimally three times during the year;
10. Novice teachers complete mentoring process and mentors complete payment procedures, submitting mentoring logs;
11. Mentors and novice teachers provide feedback to the administrators and the ScIP about mentoring experiences and evaluation process; and
12. Update mentoring program based on evaluation data and any NJDOE new regulations and/or requirements.

Note: Any novice teacher who receives a partially effective or ineffective summative rating will receive a Corrective Action Plan (CAP) developed by the school's School Improvement Panel (ScIP) per NJDOE regulations and requirements.

The Local Mentoring Plan Section 8 Action Plan of monthly meetings will be updated annually after a review of the evaluations by the mentors, novice teachers, and administrators. Please refer to the addendum for the 2019-2020 school year’s Section 8 Action Plan.

**SECTION 9: RESOURCE OPTIONS USED**

The resource options utilized for the development and implementation of Warren Hills Regional School District's Local Mentoring Plan include:

- Release time for mentors and novice teachers to conduct classroom visitations on an as needed basis;
- Access to a professional development library--hard copy and/or online;
- Support from administration – both district and school; and
- Provide training for interested mentor applicants and novice teachers.

**SECTION 10: FUNDING RESOURCES**

The Warren Hills Regional School District Board of Education is the major funding resource for the Local Mentoring Plan. Funding for the Local Mentoring Program may be utilized to provide the following: substitute teachers, training materials, fees for training presenters, mentor payments, and/or additional professional library resources. The local board of education must approve the fiscal components of the Local Mentoring Plan as of the NJDOE May 2014 regulation.

SECTION 11: PROGRAM EVALUATION

The evaluation process is a continuous goal of the district in all areas of professional development and in this mentoring plan, in particular. As we educate others, we too become educated as adult learners. The evaluation process is ongoing by the novice teachers in their reflections and discussions with their mentors, by their participation in professional development opportunities, and by their PDP's developed with their principals and mentors. All endeavors are verified to be aligned with the New Jersey Professional Standards for Teachers and the New Jersey Core Curriculum Content Standards.

Specifically, evaluative information will be gathered in any of the following ways:

- Participants’ reactions – questionnaire results will be reviewed;
- Participants’ learning – informal and formal observations, mentoring log
- Organization support and change – discussions with participants and district or school administrators;
- Participants feedback of the New Staff Monthly Meetings
- End-of Year mentoring program evaluation.

This information will be used to make any needed improvements in the Local Mentoring Plan for the following academic year. This will ensure we are providing ongoing support to mentors and novice teachers in order to improve student learning experiences and outcomes as we prepare students to become college and career ready.
ADDENDUM

Overview of 2014 New Jersey Teacher Mentoring Regulations (N.J.A.C. 6A9B-8)

Background

Effective May 5, 2014, the rules for new teacher mentoring have been amended to better align with the TEACHNJ Act of 2012, to reduce district reporting burdens, and to promote flexibility and accountability for district implementation. Each public school district is still required to implement a system of supports for new teachers. Studies of support programs for new teachers have documented their effectiveness in transitioning teachers into practice. A comprehensive district mentoring program, as described in these regulations, aims to:

- Assist first-year teachers in the performance of their duties and adjustment to the challenges of their teaching assignment;
- Reduce novice teacher attrition;
- Improve the effectiveness of new teachers; and
- Enhance teacher knowledge of, and strategies related to, the New Jersey Core Curriculum Content Standards (CCC) to facilitate student achievement and growth.

For more information, please visit http://www.nj.gov/education/profdev/mentor/ or email teachpd@doe.state.nj.us.

Updates in Regulations

The regulations expand the scope of support which districts must provide to novice teachers (those new to the profession and serving under a provisional certificate) and experienced teachers new to a district. Individual 1-1 mentoring is still required for novice teachers. In addition, all non-tenured first-year teachers must receive individualized support developed collaboratively with the supervisor and aligned with state standards and school/district expectations for teacher effectiveness. In addition, regulations:

- Specify a comprehensive orientation to the district for all new first-year teachers;
- Specify minimum mentoring requirements during the critical first weeks of employment;
- Specify particular mentor support activities for novice teachers;
- Update the training and experience requirements for teachers serving as 1-1 mentors;
- Require a log to record all contact time between the 1-1 mentor and the novice provisional teacher (see this Optional Mentoring Log Template for an example);
- Require all mentor payments to be handled by the district’s administrative office;
- Give the chief school administrator (CSA) responsibility for district mentoring plan development;
- Require the CSA to share the plan with the district board of education for review of fiscal impacts;
- Require the CSA to submit a Statement of Assurance to the Department that the district is meeting the requirements for the mentoring program; and
- Align the three required formative and summative evaluations of the novice provisional teacher with required observations through AchieveNJ.

---

1 Non-public schools may choose to follow the requirements which align to their operations. Novice teachers serving under the Charter School Certificate of Eligibility are not subject to these requirements.

Summary of Chief School Administrator Responsibilities for
New Teacher Mentoring
N.J.A.C. 6A:9B-8.4

Effective May 5, 2014, New Jersey mentoring requirements have been updated. The following is a summary of requirements the Chief School Administrator is responsible for within a district:

- Develop a district mentoring program in accordance with State regulations and guidance materials.
- Document the program and its implementation procedures in a district mentoring plan.
- Submit the plan to the district board of education for review of its fiscal impact.
- Sign the District Mentoring Plan Statement of Assurance, which can be found on the Office of Professional Development website: http://www.nj.gov/education/profdev/mentor/DistrictSOA.docx.
- By July 1 of each year, submit the Statement of Assurance to the district’s county office of education, where it will be logged and filed. (See http://www.state.nj.us/education/counties/ for a list of County Offices).
- Share the district’s mentoring plan with each School Improvement Panel (ScIP), which will oversee the implementation of the plan at the school level.
- Keep a copy of the district mentoring plan on file in the district.
- Review and update the district mentoring plan for each coming school year and submit the Statement of Assurance to the County Office of Education by July 1.

July 2021

The Warren Hills Regional School District challenges and empowers a dynamic, diverse student body in a supportive learning environment by providing academic and co-curricular opportunities to become successful, productive members of the global community.
