**Student Report:**

The student representatives reported on:
Superintendent’s Report:

Dr. Altonjy reported on the following:

1. English Language Arts and Mathematics teacher representatives from all of the cluster schools and the middle school established a Warren Hills Cluster Curriculum Committee on 10 April. Mrs. Moore created a vision of possibilities for this initiative during the first meeting, supported by Mr. Dennison and Mr. Steele. The committee decided upon two initial goals: (1) To establish a “common language” of the essential “big ideas” in our K-8 English Language Arts and Mathematics curricula; and (2) To compare and contrast the essential “big ideas” in the context of what is being taught at each grade level in order to align curricula horizontally and vertically. The committee has begun to examine progression documents, skills, and standards in the ELA grades 6 and 7 in order to determine the process for their work. The cluster group is to be commended for their participation in this important task.

2. Mrs. Rokosny’s Genocide students traveled to a conference held at Drew University, and they had a meaningful and powerful experience listening to the presenters. The conference allowed all who attended to further their knowledge of this horrific crime and to understand how people and society have continued to heal in its aftermath. The authenticity of the conference allowed students to connect to their course content in ways not possible solely with classroom instruction.

3. In celebration of Family Literacy Night, a Poetry Festival was held on 14 April at the middle school, along with the middle school Librarian/Media Specialist sponsoring a Scholastic Book Fair. Poet, author, educator, award winner, and former WHRHS English teacher and counselor, Edwin Romond, was the featured guest poet, reading six poems representing a range of emotions and experiences. After the poetry reading, the attendees were invited to participate in poetry workshops/activities that included Found Poetry, Hero Couplets, 6-Word Memoirs, Blackout Poetry, and an open-microphone reading room, along with a poetry/story room for children 5 and under.

4. Mrs. Elienberger was selected as the most recent guest editor for the R.A.D. international publication Instructor’s Voice. Her article entitled “There is no ‘I’ in TEAM” describes her R.A.D vision through the
process of obtaining a basic self-defense class in the high school to the implementation of the program this year and its media coverage on WFMZ. Congratulations on the publication and the first year for the program.

5. On 28 March, a group of high school students participated in the Hack CA 24-hour computer hack-a-thon. Warren Hills’ student Sarah Fontana worked with a group of girls from other schools to produce a digital service that can be used to test for concussions while on the field. They also produced a cell phone app to analyze the concussion related data. Her group won the Intel Mobile App Award and was voted by the judges to be one of the top 5 groups out of over 100.

6. NHS Advisor Mrs. Laws organized the Spring Induction Ceremony for the National Honor Society. Twenty-three students were inducted. NHS members spoke about the four pillars of leadership, service, character, and academics. The ceremony concluded with the traditional candle lighting ceremony. Mrs. Giamoni was the keynote speaker!

7. The Supervisors held several cluster articulation meetings. Featured topics included, but were not limited to, the Next Generation Science Standards webinar from ATLAS, demonstration of best practices including digital tools, the PBA research simulation task, and non-fiction selections to build literacy.

8. The following Film Design students competed in the Ocean County Library Film Festival: Tim Connolly, Miles Tilley and Emily Handley and their film, "Closure," Kaitlin Andreas, Kristin Bell and Cassandra Torsiello and their film, "Clairvoyant Contingency," Cassidy Duncan, Marguerite Kaufer and Nick Branco and their film, "Cemented," and William Rios and his film, "3 Musketeers." We are pleased to announce that Miles Tilley, Tim Connoly and Emily Handley won 1st place for their film, "Closure." In addition, Senior Philip Paran had his experimental film, “Bad Dog” screened at the TiltShift International Film Fest in Salt Lake City, Utah on 14 April. This is the first film from the program that has ever received recognition in an international film festival. The festival will exhibit his film along with others from Denmark, France, Netherlands, United Kingdom and the United States.

9. Mr. Patricia had the opportunity to attend the Kent Place Film Festival with several film students on 27 March. Brady DeAngelies was the first place winner of the Seventh Annual Kent Place Film Fest. His work was among 14 Warren Hills’ students who submitted films. Two additional Warren Hills’ films were screened at the festival by filmmakers Frankie Schrils and William Rios. This year’s festival featured 10 films from various high schools throughout the State.
10. Please take a look at a link to a film that was produced by Corinne Antonelli entitled, "Circus on the Moon." The entire film was produced frame by frame and it took her quite some time to finish. For those unfamiliar with the animation process...video is made up of 30 frames per second. Since the film was 4 minutes and 56 seconds, there are actually 1,920 individually hand-drawn frames in this film all produced on Photoshop. Her film was also nominated for an award in the NJ High School Film Festival at Stockton University. The link is: https://vimeo.com/119500166.

11. We have successfully completed both the PBA and the PARCC EOY testing at the high school. Thank you to all of the technology staff, faculty, and administration who made the testing period run as smoothly as possible. The administration of the EOY PARCC administration at the high school began on Monday, 20 April. Although we have received additional refusals regarding participation, the actual administration has gone smoothly! The EOY PARCC administration at the middle school will begin on 4 May.

- The annual orientation for incoming 7\textsuperscript{th} grade students and their parents took place on Wednesday, 15 April. The academy committee planned a welcoming event to assist both students and their parents in their transition to middle school. The evening began with introductions to school and district staff along with brief comments from PTSA, SEAC, SBYS and the Municipal Alliance’s Summer Recreation Program. Students then separated from their parents to meet with current middle school students, while the administration met with parents to answer many of their “Frequently Asked Questions!” Students and parents were also able to tour the building, learn more about clubs, activities, athletics, and enjoy some light refreshments. Thank you to so many middle school teachers who volunteered their time to assist and also to our student leaders, who did an outstanding job in making our new students feel welcome!

Mark will receive a $2,000.00 check that will be presented by the MOWW Commander-In-Chief, Captain John M. Hayes. This year’s essay question was, “should the U.S. constitution be amended to change the qualifications to be eligible for the office of President?” Congratulations, Mark!

22. 9th Grade Academy News:
On Monday, 20 April, the high school facilitated the incoming 9th Grade Orientation program. The event was a great success with nearly 400 parents and students in attendance. Faculty members in the 9th grade academy facilitated a discussion related to a revised PowerPoint presentation that highlighted the academy program, student recognition activities and the 6 Pillars of Character. The auditorium program lasted approximately thirty minutes.
Following the auditorium program, parents, and students went on a self-guided tour of the building and concluded their tour in the cafeteria. Thanks to Mr. Lubrecht, approximately 25 clubs and athletic teams set-up tables and provided detailed information to parents and students on the purpose of the club and how the students can become involved.
A special thanks to all the 9th Grade Academy teachers for their efforts in revising and re-designing of the PowerPoint presentation and to Mr. Barker, Assistant Principal, who worked closely with the faculty and Mr. Lubrecht to facilitate the evening.
