High School:
Mr. Clymer reported the news on behalf of the Student Representative
We are officially past the half way point of our school year. Our second marking period is over.

Our Debate team won their quarterfinal competition and they are moving on to the semifinals.

Congratulations to Christopher Clark, who was honored by the Rotary of Washington for his academic accomplishments and his service to our community. Thank you to the Rotary of Washington for their commitment to honoring our students for their hard work inside our school and service to others.

Thanks to our HOTT and SAVE clubs, and Shop Rite, Mrs. Eilenberger and Mr. O’Neil accepted and dedicated a new water bottle filling station in our 500 wing. Currently, we have three in our school. The filing stations promote hydration and health, and save the amount of water bottles that we are using and throwing away in landfills. Each station has a display that shows how many water bottles have been replaced. Thank you to our HOTT and SAVE clubs for volunteering their time and earning this donation which benefits all of our students.

Our FFA held two showcases to help students understand the importance of farmers to our society. The showcases also promoted the programs we have here at our school. The first program was at the Middle School and the most recent one was held in the high school library.

Our girls & boys bowling team has captured both the Skyland Conference and the Sectional Championship! We have three bowlers advancing in the individual tournament and both teams will be competing in the state championship next weekend.

Three of our teachers went to promote our 50th anniversary of Warren Hills Regional High School celebration on WRNJ last week. Ms. Kerr, Mrs. Viglianco and Mrs. DeYoung did a great job talking about our historical event.

Our wrestling team is competing in the sectional semi-final tomorrow at home against Passaic Valley. If they win tomorrow, they will move on to the finals on Friday night.

Our robotics team is currently working hard on their FIRST robot. Students have a 6-week time period to build a robot after viewing a video that presents a challenge to all teams. We are in the middle of our build. Students are simultaneously creating the robot on computer software to help with the manufacturing of parts and to test strength points. Additionally, this will allow them to print a 3D replica of their robot.

Our student council hosted their winter pep rally to celebrate our winter athletes. This was a great way to end our spirit week. Our
Senior class won the competition and will be rewarded later in the school year.

- Our cheerleaders are ready for Florida. Along with the Junior Streaks, our JV and Varsity hosted a showcase last night and performed their routine. We wish them all the best as they compete for a National Title.
