Dear Parents/Guardians:

First and foremost, thank you for your continued support. As we begin planning for the Road Back to our 20-21 school year, school as we have always known it will be much different. Planning for our Special Education population with the most needs is a great task that requires vast modifications and accommodations. Please know as our plan unfolds, the school day for these students will not mirror the schedules previously sent to you.

The need for social and emotional learning is pertinent to these students and we will follow all social distancing/sanitation protocols to keep students and staff safe. As of now, our plan is to bring our specialized programs back for in-person instruction 4 (½ days) a week with one remote day. Once all procedures are finalized, you will receive further information.

Again, thank you for your support this past spring and I look forward to a continued partnership with you and your family to allow for the best educational experience for the 20-21 school year.

If you have any questions or concerns, please do not hesitate to contact me.

Take care,

MaryLouise Rowlin
Supervisor of Special Education

4/1/21

Dear Parents/Guardians:

It is hard to believe Easter is here! It has been a long and interesting year to say the least. When possible, please thank the classroom teachers and paraprofessionals as they have gone above and beyond to support our students. As the district plans on changing schedules, I wanted to ensure you were aware of the changes for our BD (Emotional Regulation Program) classrooms in both buildings. **Starting April 12th** to keep our cohorts from mixing (as per CDC guidelines), the BD program will now follow the rotating hybrid schedule shared by Mr. Clymer. Students **will log in 5 days a week** and will report on their cohort days. Cohort **A**-Monday and Thursday and Cohort **B**-Tuesday and Friday. They **will also report** every other **Wednesday** per their group rotation. If your son/daughter is a remote student they will now log in daily. This switch allows a natural transition period for our students to work/adjust as we move toward a typical school schedule in the future.

Again, this change will begin on **April 12th**. The school hours and bus routes will remain the same. If you have any further questions, please contact me directly via email.

Again, thank you for your support as we continue to plan for the best educational experience for all learners.

Take care,

MaryLouise Rowlin
